MARYLAND IS ALL RIGHT SAYS T. R.

Taft Has Nothing to Say Over
Roosevelt's Victory in
Contested State

WILL NOT TALK OF HIS
RE-ELECTION CHANCES

Shrewd Conclusions Drawn by
Dickson Over Present
Phase of Affairs

BALTIMORE, May 7.—Complete unofficial returns indicate that Theodore Roosevelt secures sixty-six delegates at the state primaries, which is one more than is necessary to control the state convention. Roosevelt's popular majority was 3500. Champ Clark apparently gets eighty-one. Woodrow Wilson, forty-four and Judson Harmon four delegates. Maryland is entitled to sixteen votes in both national conventions.

NEW YORK, May 7.—"Well, Maryland went right," grinned Col. Roosevelt at the Outlook offices today. The Colonel will remain here a week attending to his duties on the Outlook. He expresses satisfaction with the campaign up to date.

TAFT RETICENT OVER VICTORY OF ROOSEVELT IN MARYLAND CINCINNATI, May 7.—President Taft was reticent today over the apparent Roosevelt victory in Maryland. He refused to comment as to his chances for re-election in those states where returns are adverse.

KEEN ANALYSIS OF THE SITUATION

BALTIMORE, Md., May 7.—(E. A. Dickson's special to the Los Angeles Tribune)—Roosevelt carried each of the four congressional districts in Baltimore today and enough of the counties in the state to insure absolute control of the state convention.

West Maryland, where the real Republican vote of the state is centered, gave him a solid block of thirty votes.

These, added to the twenty-eight in Baltimore city, brought his strength up to fifty-eight, or within seven votes of the number necessary to control the state convention.

Middle Maryland then reported and ran the vote well above the doubtful mark.

In the counties of the eastern shore and of Southern Maryland, Taft had things his own way.

The Republican vote is a negligible quantity in Maryland and consists principally of federal officeholders.

Baltimore Deciding Factor

Baltimore was the real battle ground, however, as it contributes twenty-eight of the 129 votes in the state convention.

The fight here was bitterly contested and the supporters of both Roosevelt and Taft exerted themselves to the utmost to get out the vote.

Up to the time of closing the polls Taft's managers claimed that the count would show the president had swept the city.

As the count proceeded, however, it became instantly apparent that Roosevelt had Taft defeated in almost every precinct.

Voting closed at 5 o'clock and as soon as the count was completed the boxes were hurried to police headquarters where the official results were announced.

From the first, the rain of Roosevelt votes began to pour in. In the first congressional district, the first sixty precincts gave Roosevelt 1644 to 1334 for Taft.

This ratio was continued throughout the count.

Considering all the circumstances, Roosevelt's victory in Maryland, while close, is the most remarkable achievement of the pre-convention campaign.

Taft Scored by Senator Bourne In Open Letter

PORTLAND, Ore., May 7.—Denouncing Taft for the "evasion and violation of the plain intent of the constitution" Senator Bourne in a letter made public today attacks the president for his action in the appointing of the new federal marshal for Oregon. Senator Bourne claims that Taft disregarded the wishes of the Oregon congressional delegation, and attempted to appoint E. G. Colwell, designated in the letter as "one of the crowd of unscrupulous politicians who urged the members of the Oregon legislature to violate their written pledge to the people that they would support the candidate for the U. S. senate whom the people had favored in the preceding general election."

The letter is addressed to President Taft, and is the bitterest exhortation the president has received in months.

Victory Made Greater

Roosevelt's victory today came entirely without the aid of any political organization, other than that which was spontaneously created by volunteer workers during the closing hours of the campaign.

Non-Baltimore, a temporary organization, with practically no funds, worked as best it could to get out the vote and placed watchers at various polling places to see that Roosevelt received a square deal from the election officers, practically every one of whom was a member of the state machine, which did all it possibly could, but found the task one of trying to construct bricks without straw.

To the people of Maryland the election has more than a national significance.

State Machine Wrecked

In the first place it means that the state machine has been literally smashed.

Bosses, big and little, have been hurled into the political scrap heap.

The servants of special interests have been completely routed. It means that Baltimore's boss, Collector of Customs Stone, has been relegated to political oblivion along with Lorimer in Illinois and Penrose in Pennsylvania.

It was Stone, in his self-arranged capacity of "head" of the Republican party in Maryland, who "promised" Taft a solid delegation in the national convention.

Backed with unlimited funds, and with the entire federal officeholding force at his command, Stone made a desperate effort to offset the Roosevelt sentiment.

BEVERIDGE AND PINCHOT ANNOUNCE ITINERARY FOR SO. CALIFORNIA

SAN FRANCISCO, May 7.—Gifford Pinchot and Senator Beveridge, Roosevelt campaigners, have announced their Southern California itinerary. Beveridge opens tonight at Berkeley, speaks Thursday at Santa Barbara, Friday evening at Long Beach, Saturday at Los Angeles.

Pinchot opens tonight at Santa Rosa, Thursday at Covina, Anaheim, Friday at San Diego and Pomona, Saturday at Los Angeles.

Several inquiries have been received at this office as to what hour Senator La Follette is scheduled to speak at Spurgeon's Hall tomorrow. As one man puts it, "The bills simply say 'Spurgeon's Hall, Wednesday, May 8,' and do not give the hour."

Inquiry of Dr. Doyle, head of the La Follette committee in Santa Ana, develops the fact that Senator La Follette is not scheduled to speak in Santa Ana tomorrow at any hour.

The bills containing his picture have not been read right by those who have the impression that he is to speak at Spurgeon's Hall Wednesday, May 8. The speaker for tomorrow—the hour is 8 p. m.—at Spurgeon's Hall is Hon. S. H. Cady, La Follette delegate to the national convention from Wisconsin. The bills are, inadvertently, slightly misleading, due, no doubt, to the faulty arrangement of the announcement by the printer—not a Santa Ana printer, by the way.

Dr. Doyle says Senator La Follette will pass through Santa Ana Saturday, May 11, on his way to San Diego, and return through this city on Monday, May 13, and he will speak here either Saturday or Monday. Definite announcement will be made later.

NEW ORLEANS IS CUT OFF FROM THE WORLD

Flood Cuts Railway Connection—Telegraph Wires May Soon Be Severed

ST. SOPHIA LEVEE BURST AT NOON—100 FOOT GAP

30,000 Are Being Fed in the Stricken Sections—200 Huddled on Levees

NEW ORLEANS, May 7.—This city is practically without rail communication with the outside world. Thousands of men and boys are working on the dykes today to strengthen them against the river's ravages. Millions of tons of sand have been unloaded to reinforce the levees. It is feared the telegraph wires will soon fail. The city is yet undamaged.

LEVEE BURSTS AT ST. SOPHIE—100-FOOT GAP

NEW ORLEANS, May 7.—The levee at St. Sophie burst at noon with a hundred foot gap. Thousands of acres are flooded. The damage is estimated already at \$400,000.

Two thousand are huddled on the levees in northern and central Louisiana awaiting rescue. Relief is being rushed to the stricken sections. Every available craft is carrying refugees. Camps for the homeless are established at Baton Rouge and Natchez schoolhouses and churches. Food is being distributed to thirty thousand sufferers.

STEREOTYPERS REMAIN OUT

Refuse to Obey Orders of International Union—Newspapers Guarded

CHICAGO, May 7.—The stereotypers who are out because of the pressmen's strike against the Chicago newspapers, refused to return to work today, in spite of the orders of their international union. The stereotypers told the international president they feel unable to obey his orders.

Strike breakers are working in all the railway yards in the places of sixty-five hundred freight handlers who struck. Special police are guarding the stations and the newspaper offices. Rumors that all the unions in Chicago plan a concerted strike are vigorously denied today at union headquarters.

The striking pressmen today announced their intention of demanding support of the American Federation of Labor. Stenographic reports of the meetings of the union have been sent to headquarters. The morning papers were issued regularly, but negroes only sold them on the streets, guarded by the police.

JAP'S LICENSE IS TAKEN FROM HIM

City Trustees Take Steps to Do Away With Disorderly, Insanitary Place

ALL-NIGHT LIGHTS PETITION DENIED

City Attorney to Draw Up Ordinance Calling for Freeholders Election

The ax fell on the Japanese lodging-house and poolroom at the corner of Third and Sycamore streets last night. The Jap's license to run a poolroom was revoked after Trustee McPhee had proved his charges that the lodging-house is disorderly and insanitary and a menace to the health of the city. The lodging-house has no regular license, and will be closed up at once.

The lodging-house has never taken out a license since the new ordinance requiring licenses for lodging houses went into effect. In view of the strong case made out by McPhee last night, it is certain he will never be given a license for the place, and it will be closed.

That was one of numerous important matters that came before the city trustees last night. The petition for the election of fifteen freeholders to frame a city charter was read, and the election will be called for some date between twenty and sixty days hence. The petition of 233 citizens and of the Merchants & Manufacturers' Association and Chamber of Commerce for having incandescent street lights burn all night instead of until 2 o'clock only, was denied by a three to two vote. Announcement was made of the indications that the city will soon take definite action toward getting an outfall sewer.

When the petition for the all-night street lighting service was up, Grubb talked in favor of the 2 o'clock schedule, and declared that there were none of the petitioners present to back up their petitions, showing a lack of interest, and intimated that some petitions are not to be taken to heart even if largely signed.

A half-hour later, when there were only three or four men in the audience room, and when the petition for the freeholders' election came up, signed by over 300 names, McPhee solemnly arose and asked Grubb if there were any representatives present to back up that petition. Everybody laughed. F. D. Drake, who was present on other business, arose and said he was one of the petitioners, though not present as representing the petition.

Evidence Presented

A Los Angeles Japanese appeared with I. Iwakake to answer to the citation to show cause why Iwakake's permission to run the lodging house and his license for the poolroom at the corner of Third and Sycamore streets should not be revoked. The Los Angeles Jap asked to have the matter postponed two weeks, so he could get an attorney. He said the proprietor has run the place as he thought right.

Trustee McPhee said he was ready to present his evidence against the place at once, and if after hearing the evidence the trustees could act.

Constable Jackson, called by McPhee, testified on two occasions he had run immoral women from the place and had notified the proprietor to keep such women away. On one occasion Jackson arrested two men and a woman who roomed there. This trio had burglarized nearly every rooming house in town. Jackson found stolen goods there. The two men were sent to the pen. Jackson considered the place disorderly. He had seen drunken men there.

Policeman Ryan testified that the place is disorderly. He arrested a man and woman there one night. The house is occupied largely by Mexicans. He had aided in arresting three drunken men there. He had been called there to quiet the place.

"There is a blind pig running there right now in room 16," said Ryan. Why don't you pull it?" asked Grubb.

"The trouble is to get the evidence. It is the toughest place in town."

Policeman Lacy corroborated Ryan fully. Men congregate on the back stairs and porch. He had warned the proprietor about certain conduct there.

Constable Heard said he had been called to this place a number of times to stop drunken row. He and former Policeman Murray warned the proprietor repeatedly.

City Health Officer Clark said the lodging house is always unsanitary, filthy and dirty, a menace to the health of the city. He said it should be vacated or rebuilt.

Trustee McPhee reviewed the evidence and moved that the license of the poolroom be revoked. Grubb seconded.

The proprietor's representative asked—

ROOSEVELT AND TAFT FIGHT FOR ARKANSAS

Two Sets of Delegates Expected—State Excited—Ohio 'Bloody Battle Ground'—Democrats Struggle

LITTLE ROCK, Ark., May 7.—It is believed certain that the state Republican convention being held today will result in a split and that two sets of delegates instructed respectively for Taft and Roosevelt will be sent to Chicago. The greatest excitement is felt throughout the state.

TAFT WILL AGAIN VISIT OHIO IN EFFORT TO CAPTURE PRIMARIES

CINCINNATI, May 7.—Secretary Mills today announced that President Taft would end his Ohio visit tomorrow night at Columbus. A week later he will return for a four-days' campaign in an effort to capture the presidential primaries on May 21st.

President Taft arranged to attend the ball game this afternoon between the Philadelphia and Cincinnati baseball clubs. Tonight he will be a guest of honor at the May music festival.

A strenuous campaign lasting until convention day is announced by President Taft. He designates Ohio as the "bloody battle ground." Roosevelt and Taft will be in Ohio together next week. Taft makes fourteen speeches tomorrow, beginning with Batavia.

LA FOLLETTE CAMPAIGNS ABOUT SAN FRANCISCO BAY

SAN FRANCISCO, May 7.—Returning from a tour of the San Joaquin valley, Senator La Follette today plunged into a campaign of points about San Francisco Bay. He spoke today at Richmond, Port Costa, Martinez, Antioch and Niles. Tonight he speaks at San Jose.

"There has never been any doubt in my mind as to how California will vote. I merely came here to get acquainted," declared La Follette today.

JUDGE DENOUNCES JUDICIARY RECALL

MINNEAPOLIS, May 7.—Judge Theodore Anderson of the District of Columbia Supreme Court, today addressed the Methodist conference in this city on the establishment of a court of final appeal. During his speech he denounced the recall of the judiciary and judiciary recall, saying: "It is proposed that in their aggregate capacity shall be given not only the right to make laws but to determine their meaning. Thus at one blow they would strike down two co-ordinate branches of the government, the legislative and the judicial. The theory is so repugnant to ideas of orderly government that it will mark the beginning of national decay and universal anarchy."

30,000 SHRINERS VISITED BEACHES; PARADE TONIGHT

LOS ANGELES, May 7.—Thirty thousand Shriners entrained for Santa Monica and other west beach resorts this morning. They will return tonight for the first big electrical parade of the week. Various temples are holding receptions today. The big San Francisco delegation, after holding open house last night, continued the entertainment today, boosting the Panama-Pacific exposition.

HOME TELEPHONE COMPANY INSTALLS 'PHONE IN ORANGE

ORANGE, May 7.—The Home Telephone Company has installed a telephone in Orange, regardless of franchise and quietly without the knowledge of the city trustees.

The wires were stretched on Edison company poles except two poles put up on North Olive street. The telephone was put in the office of the Santa Ana Valley Irrigation Company. That the Home people long contemplated the action is shown by the fact that the new directory has the number printed in it.

At the meeting of the city trustees of Orange last night the street superintendent said he had not been consulted about putting in the two poles on Olive street. An ordinance requires that poles be placed under the direction of the street superintendent. The trustees ordered that unless the owners remove the poles in forty-eight hours they will be taken down by the street superintendent.

Recently when a franchise was sold at Orange, the Pacific bought it on a bid of \$1000. The Home company bid \$100.

Blodgett represents claims for \$8778.01 for oranges delivered to Gilman a year ago. Gilman went into bankruptcy, and for a time it appeared that the growers would get little of their money. Evidence was secured that the Los Angeles company was operating with Gilman and would share in the profits. Attorneys Forgy and Thomas yesterday put on evidence to prove this relationship, and they succeeded, as shown by the judge's decision today. The next step is to prove each individual claim.

REBEL GUNS THUNDER AS SIEGE OF CITY IS OPENED

Buford Wires Americans Safe on West Coast—British Ship Starts That Way

EAGLE PASS, Tex., May 7.—Heavy cannonading opened the siege of Torreon today, according to dispatches from the beleaguered city. General Huerta's 8000 federals have withdrawn inside the city, with an equal number of rebels surrounding it. General Huerta must now break the rebel lines or surrender. Reports from the south say that the rebel advance on Monterey is succeeding.

RUMORED AT CAPITAL THAT FEDERALS ARE GAINING IN BATTLE

MEXICO, CITY, May 7.—Torreon dispatches apparently confirm the report that the battle of Torreon began today. It is believed generally that this will be the most important battle of the war thus far. Federal officials at the capital declare that 15,000 federal troops are in action at Torreon. It is generally believed this number is exaggerated, and it is thought that about 8000 are engaged on each side.

Neighboring towns report terrific cannonading at Torreon. All wires there are down, and it is impossible to learn the result of the early fighting, although there are rumors that the federals are gaining.

The Buford wires that positively no Americans have suffered hardships or dangers. They are unwilling to leave, laughing at the rumors of the possibility of an American massacre.

POISONING MINDS OF CENTRAL AMERICANS

SAN FRANCISCO, May 7.—Admitting that a decided anti-American sentiment exists in Central America due to well organized interests which are seeking to profit by issuing a propaganda criticizing America. Secretary Knox arrived here today from Santa Barbara. He says the press is attempting to force on the minds of the people of Central America a belief that America is determined to gobble the entire continent. Knox expressed assurance that the canal would be completed in 1913. He prophesied a great commercial future for adjacent territory.

CANDIDATE EVANS WILL ADDRESS THE VOTERS OF ORANGE

The following appears in today's Riverside Enterprise:

Mr. Evans will be in Orange county on Thursday of this week, being advertised to address the voters of Orange on that evening. In company with a number of Orange county people he expects to enjoy a banquet to be given in Los Angeles, and on the day following he will go to Orange. On Friday and Saturday of this week he will be in Imperial county, returning home on Monday.

Nemo WEEK
VISIT OUR CORSET DEPARTMENT

Now is the Time to Study Corset Comfort—Probably We Can Help You. Come!

"Nemo Week" grows more and more important and interesting every year. New Nemo inventions, not only in construction but in corset fabrics, make Nemo Corsets more and more invaluable to nearly all women.

This year there are some wonderful models, not only in the world-famous "Self-Reducing" line, but in corsets especially designed for SLENDER and medium figures.

No. 354 (see cut) is one of the new "Auto-Massage" Self-Reducing models, which not only reduce the figure all around by confining and re-shaping the surplus flesh, but, by constant gentle massage, due to the patented construction of these new corsets, the fat is gradually softened and removed by natural processes, thus making the figure permanently smaller. Price—\$3.50.

This is only one example of how Nemo Corsets are in a class alone, entirely different from all others. Most women really need Nemo Service. Perhaps you do. Come and see.

SOPHOMORES ARE THE CHAMPIONS

Good Game Yesterday Put Them at Head of S. A. H. S. Inter-Class Ball League

BY VERN SMITH

With nothing but good hard clean playing the Sophomores out-classed the Junior squad yesterday at Lincoln Park by a score of eleven to twelve. This victory makes the Sophomores the champions of the Santa Ana high school.

The two teams were represented in the bleachers by a number of members of each class. There were probably more girls in the bleachers than there were at any of the other inter-class base ball games, and, with their snappy little yells they enthused the players very much.

The game started out with the Juniors to bat. Tedford made first on Osterman's error. West struck

Last half of ninth: Fahey singled, Snow singled, Forgang doubled to left, letting Fahey and Snow home. Wallace fanned, Cook was out on first.

From the beginning until the end the game was fast and snappy, and great enthusiasm was shown on both sides. This was the last game of the interclass baseball series and decides the championship. Anaheim will play the Red and White at Lincoln Park Wednesday at 3:30 p. m.

LAST LEAGUE GAME ON FOR TOMORROW

Wednesday afternoon Anaheim and Santa Ana will cross bats on the Lincoln Park diamond, in the last game of the county league schedule.

Santa Ana leads the list of the teams in the league with 1000 per cent to her credit, having played three games and won three. Should Santa Ana win the game tomorrow the wearers of the red and white will be awarded first place.

The game promises to be an exciting one and much interest is being taken in the contest by the local students, as a beautiful silver cup is to be awarded to the winners of the county championship by Hill & Carden Clothing Company.

"Bill" Warren, the southpaw, who has been pitching in good form the last few games will be on the mound for the locals while "Cap" Pease will be on the receiving end.

The boys have been working hard with Coach Ratcliffe, to bring up their batting percentage and are improving rapidly. The team is one of the strongest that the high school has turned out for many years. Much credit is due Coach Ratcliffe and the team deserves the support of the local fans.

The game will be called at 3:30. The lineup will probably be as follows: For batteries, Warren and Pease; infielders, Smith, Youngman, Corrallo, Duhart, Carver; outfielders, Walters, Morrison, McGaffey and L. Morrison.

REVIVAL SERVICE TONIGHT AND THROUGH THE WEEK

Revival services will continue during the entire week at Spurgeon Memorial M. E. church, south. The sermon last night by Rev. J. H. Scott was earnest and spiritual and was well received by the congregation. I am sure I express my own feeling. I am sure I say it was much enjoyed. The sermon tonight will be preached by Rev. H. E. Murkett, pastor of the First M. E. church.

Everybody is invited to attend these services and make themselves at home with us. If you can't attend don't forget to pray for us.

NOTHING DOING, SENATOR

The Progressives of California decided to unite on Roosevelt, and not on La Follette. Every state except North Dakota in which both were candidates, has been carried by Roosevelt, besides a lot of states in which the La Follette candidacy could not even start. Roosevelt has now twice as many delegates as La Follette even pretends he can get, and five or six times as many as he really has or can possibly get. Actually, La Follette has only ten votes won where there was a contest, and these ten are for Roosevelt for second choice, with or without La Follette's sanction.

The Progressives of the nation have already spoken, and by tremendous odds have declared that Roosevelt is their candidate. Now comes La Follette, like a futile fanatic, who votes his ticket even when he knows he will thereby defeat the cause he professes to serve, and insists that he, not the Progressive voters, shall determine who is the Progressive leader, and that he will fight on to the bitter end, in the one state where the only possible effect of the fight, if successful, would be to turn the foremost Progressive state in the Union out from the Progressive ranks.

If the Progressive must ever be ready to sacrifice personal ambition, as La Follette preaches, what justification can there be for La Follette in letting his personal animus against Roosevelt have free rein?

THE CAT OUT OF THE BAG

The San Jose Mercury (Hayes Brothers) is showing signs, like the other standard newspapers, of getting in line for Roosevelt. It virtually admits that he will win in California.

The Mercury admits the following significant complaint and betrays how the Taft men pinned their hopes to La Follette:

"The president's interests have not had the attention in California which those of the Colonel have enjoyed, but Senator La Follette will probably do more effectively the work which the Taft Republicans were expected to do, but have not done, in his stormy speechmaking tour."

The Taft campaigners insist on making the Exposition a political football. No more false and wicked piece of shyster campaign work has ever been engaged in in California than the attacks on Governor Johnson in connection with the Fair. The fact is that the governor has more than done his part throughout. Incidentally, it may be stated that when he went to Washington and gave valuable assistance in the contest with New Orleans he paid all his own expenses. Much less can be said of some of the men who are now Taft campaigners; in fact much more could be said along this line. For example, one of the present Taft leaders measured his loyalty to his state and his zeal in behalf of the Exposition by the fat "attorney" fees he collected for going to Washington. It is to be hoped, however, that the Exposition will not be dragged into politics, even if it be the bitter purpose to vilify Governor Johnson on every possible false pretext.

Good faith in statesmanship which is the demand of the times, is evidently not to be gained from the Democratic party. The refusal of the Democratic majority of the House of Representatives to do away with the mileage graft, and the increase of the allowance for clerical help show that the temptation to dig into the treasury is too great. A California congressman's yearly emolument will now be as follows: Salary, \$7500; mileage, about \$1400; clerical help, \$2000; stationery, \$125; total, \$11,025. (Various perquisites to be added).

WOMEN'S CIVICS CLUB HEARS ONE IN FAVOR OF ROOSEVELT THE OTHER IN FAVOR OF TAFT
S. M. Davis and O. M. Robbins Discuss Political Issues, political Parties and Republican Candidates

The Women's Civics Club of this city is an organization formed for the purpose of studying leading questions of the day from a non-partisan standpoint. The subject of politics being the dominant question at present, the members of this club have decided to study the subject in all its phases, and from original sources, and have, therefore, invited representatives from the several political parties to present to the club the claims and purposes of their particular party and its presidential candidates. On Saturday, April 20, the cause of Democracy and the candidacy of Woodrow Wilson was very ably presented by Mr. Lorin A. Handy of Los Angeles. Mr. Handy is a forceful speaker and having been a student at Princeton under Mr. Wilson, could, from personal knowledge, portray the upright and manly character of his favorite candidate.

At the meeting on Saturday, May 4, the claims of the Republican party as represented by Mr. Taft and Mr. Roosevelt were given by O. M. Robbins and S. M. Davis. They said in part as follows:

COMING ELECTION IS DISCUSSED BY DAVIS
"This election is particularly important to women for the reason: 'First, that this is the first time throughout the state in which women will have the opportunity of exercising the right of suffrage given to them by the adoption of the amendment to the constitution granting women an equal right of suffrage with men; and, 'Second, because this is the only state in the whole United States, even of those states which have women suffrage, in which there is a presidential primary in which women can vote. Therefore, it will be seen that this state will be a test of the question as to which candidate is considered to be the best candidate on moral issues as well as on others."

"(1). Roosevelt was the first and greatest Progressive. The essential of all progressivism, as now known in political life, is summarized and concisely stated as: Are the people in fact as well as in theory the actual rulers of the country? One great faction in our country contends that wealth and power are the foundation upon which rests our national welfare and they are known as Conservatives or Reactionaries the other party holds with Theodore Roosevelt that human rights are above all other rights and that they can be guaranteed only by self-government exercised by the whole people. It was Theodore Roosevelt in every office which he has held that has consistently and persistently maintained the ideal that the people as a whole ought to rule. It was he that aroused the public conscience of the United States and who demanded that there should be common honesty and decency in business and in politics. He has always contended for the uplifting of public life and for making the public servant realize that he has a position of public trust. It was Theodore Roosevelt who has courageously championed every cause which has made for the betterment of all of the conditions affecting the home and the home life that affects the welfare and health of women and children. It was he who originated and carried into execution the policies of this government which had for their object the conservation of human beings as well as our natural resources."

"As early as 1905 a bill was introduced in congress called the District of Columbia child labor bill. This bill not only had his approval but he sent a special message to congress favoring the bill and backed it up by all legitimate means so that it was actually forced through congress and became a law. The large manufacturing interests of the country bitterly denounced the bill and also the establishment of a children's federal bureau which had for its object the protection of the little children of the United States from the rapacious demands of big business which made big profits (Concluded on Page Three)

tors shall be elected by a direct vote of the people instead of their representatives, as long as Nevada has two votes with her 50,000 people and New York with over 9,000,000 people has but the same representation in the senate?
"Why say that 'the American people are fit for self-government,' and demand the short ballot 'unqualifiedly' because the ordinary ballot is confusing to the voters who are fit for self-government, and who should therefore have their officials selected for them?"
"Many times we have a nice sounding phrase instead of a grand idea. 'The true basis and trust of all social, political, financial and religious society is honesty, reliability, integrity, character. Financial business is made up of more than 95 per cent credit or faith, and less than 5 per cent cash transactions.'"
"I am a man of peace. One of my happiest days was my 45th birthday. I then knew that I could not be drafted to go out to shoot innocent men, husbands, fathers, sons. I can defend my home, I can help defend this city, state or nation from an invasion, but to go out to conquer is as revolting to me as words can express. I am in favor of arbitration without states, with some qualifications, on questions affecting national honor. I do not think that a question of national honor could justify shooting innocent people. Some think of 10,000 troops going into Mexico as just an army, impersonal, just an army. I think of them as 10,000 of our best men, men that we need at home to help fight for good citizenship, men with loving wives, with prattling children, or with aged parents. What would it prove to shoot them, or have them shoot others?"
"In conclusion I would say that I came here to plead the cause of any man, not as an attorney. I hold no brief for Mr. Taft. I would not care to try to build the reputation of Mr. Taft by criticizing Mr. Roosevelt. A man who has not a reputation that is constructive, that is built upon his own integrity, is in a deplorable condition."

"I have no sympathy and very little patience with one who must tear down the reputation of another to construct one of his own."
"A few years ago a quiet, reserved woman started a movement that has encircled the globe. Without the blare of trumpets or the waving of flags she persisted in advocating the principles which she knew to be true and eternal. Later another advocate appeared on the scene, one of the militant kind, whose argument was the bludgeon of force. When the history of the temperance movement has assumed permanent form, the name of Frances Willard will be found on every page. Only the close student will be able to find a reference to Carrie Nation."

"When the history of the present times has been made permanent the name and fame of Mr. Roosevelt will be perpetuated as the mediator of peace between Russia and Japan."
"The Republican party has imprinted its name upon the most progressive period of American history. The highest state of civilization and the greatest advancement has been made under its regime."
"Prominent among its leaders will be found the names of Cannon, Aldrich, Frye, Hale, Reed and others who were long in the service of their constituents, and who were returned and re-elected time after time, thus receiving the endorsement of confidence from their people. These leaders have been assailed, vilified and slandered as all leaders have been by impatient progressives who made a brief visit to the halls of legislation and then returned to private life. For a brief time these vilifiers were in the limelight, but they have all disappeared except one, Robert M. La Follette, a man who has upheld the banner of the progressives for twenty years, but who now stands despised and persecuted by his own followers."

"Last October, as a member of the Grand Lodge of Masons, I participated in the laying of the corner stone of the new city hall of Oakland. President Taft was among the distinguished people present. After the ceremonies the officers of the Grand Lodge were invited to accompany the President and his party across the bay in a government vessel. I stood in a group with President Taft, Mr. Munroe, the Grand Master, and Maj. Butts. Mr. Munroe said: 'Mr. President, it does the people good to have their president visit them; they like to see him.' Mr. Taft replied: 'If it does the people as much good as it does me, then they receive great benefit. I never make a trip but I return to my duties feeling the responsibilities greater. It is an inspiration for me to meet the grand people of this country.'"
"This statement was made not for publication. It was the honest, truthful, heartfelt feeling of one who was a man before he was president, and who will be a man as long as he draws the breath of life."

FOR TRAVELLERS' CLUB

Charming Affair Yesterday for First Travel Section of Santa Ana Ebell

Miss Mary Cotter was hostess yesterday at one of the most beautifully appointed luncheons that has ever been arranged in the Dragon balcony, which has been the scene of many elaborate spreads. The color scheme of delicate pink was evolved by the artistic eye of Cecil Bruner roses, a shower bouquet of the diminutive flowers being the center piece, while over the table were scattered a profusion of the bud-like blossoms. The place cards bore a hand-painted design of Cecil Bruner, and the nut cups were fashioned of pink roses with stems and buds. The guests were the members of the first section of the travel department of the Ebell Society, the ladies of this section dubbing themselves the "Travelers"—notice the two "l's" if you please. Mrs. A. J. Crookshank, president of the Ebell, was a special guest. The affair was probably the last for some months for which Miss Cotter will be hostess as she leaves in the near future with her sister, Miss Cella, for a year's absence in the east.

Covers were laid for Miss Cotter, as hostess; Mrs. A. J. Crookshank as the special guest; Mesdames A. W. Ames, J. W. Bishop, J. P. Baumgartner, L. J. Carden, J. I. Clark, H. C. Dawes, John Dryer, Mary Heathman, C. S. Kendall, Stephen Ross, J. J. Roper, W. M. Smart, T. E. Stephenson, I. W. Van Heave, A. J. Vial, L. C. Skinner, L. L. Shaw, E. B. Smith, George S. Smith.

Her First Birthday
Little Miss Mary Cleora Fine yesterday afternoon celebrated the first anniversary of her birthday, holding court at a family party given at the Broadway street home of her fond parents, Mr. and Mrs. Horace Fine. Among the gifts galore showered on the little year-old girl were a pretty gold pin, a dainty ring set with an emerald, her birth stone; a silver spoon and money for her bank.

Used in decorations for the party were white roses and pretty Mariposa lilies, the latter sent from Trabuco canyon by a cousin of the little one. One tiny blue candle adorned the birthday cake that was later eaten with ice cream, individual iced cakes and candies.

A merry time was had by the younger guests at the party and old and young wished the tiny girl a happy life in which many birthdays would be enjoyed.

WOMEN OF AMERICA ARE MOST CHARMING SAYS GERMAN BARON

That the American woman is uniquely attractive is the consensus of expressed opinions of traveled foreigners. A recent tribute to the American woman was made by a young German aristocrat, Baron von Bethman, who, with Maurice Brerard of Paris, has been stopping at the Alexandria in Los Angeles. He voices his admiration thus:
"American women are wonderfully charming, for they combine beauty with magnetic personality, a combination to be found nowhere else in the world, which sweeps aside all prejudices that foreigners may have as to what a woman should be. This wins them friends in any country."

Section Will Meet
The parliamentary section of the Ebell Society will meet next Thursday afternoon at 2:30 o'clock at the home of Mrs. A. J. Vial, 602 French street.

Society Will Meet
The local branch of the Sunshine Society will meet tomorrow afternoon at the home of Mrs. Margaret Eaton, corner of Seventeenth and Broadway.

Her Eightieth Birthday
Four-fifths of a century were rounded out yesterday for Miss Rachel Witmer, whose eightieth birthday was joyously observed last night with a surprise party tendered the honored lady by her fellow boarders at the pleasant home presided over so capably by Mrs. K. Richter at 819 North Main street.

A table, charmingly decorated, was spread with a delectable supper, around which the merry company assembled, partaking of the feast, with good cheer and the utterance of good wishes for the guest of honor, to which the entire delightful evening was a genuine and happy surprise. Fragrant sweet peas were on the table and from the chandelier trailed streamers of lovely pink Rambler roses. On the huge birthday cake were "sweet sixteen" candles, burning in honor of the complimented guest, of whom it can be truly said, "She is eighty years young," carrying with her the atmosphere of the youth that springs perennially in all pure hearts.

A special guest of the evening was Miss Witmer's black cat, who went marching to her mistress's residence in a big pink ribbon bow, to which was attached a note of loving greetings that Tabby could not well otherwise express.

Those enjoying the evening with Miss Witmer were the Richters; Messrs. Emmos, Wyant, Thompson, Arnold, Rae; Mrs. Forgy, Mr. Roe and Ernest Crozier Phillips.

Enthusiastic Evening
Tent No. 8, Knights of the Maccabees, held their regular meeting in the Fraternal Brotherhood hall last evening, with a good attendance. Several applications for membership were received and voted upon. Two visiting brothers, Messrs. Brown and E. M. Guthrie, both of Los Angeles, were guests of the evening. Following the business meeting, a banquet, with Fred L. Mitchell and C. B. Rumlill in charge, satisfied the inner man.

The meeting of last evening was an enthusiastic one, it being in line with a vigorous campaign for membership that the campaign will be highly successful, as the financial policy and reserve fund of the Maccabees are winning favor.

SUCCESSFUL RECITAL

Mr. Revill Greeted by Appreciative Audience—Numbers Splendidly Rendered

A most enjoyable organ recital was given last night at the Congregational church by Alan A. Revill, assisted by Miss Dorothy Mead in an organ number and Mr. Maurice C. Phillips, basso. Mr. Phillips' voice showed some huskiness, evidently from slight cold, but in spite of this fact he sang extremely well. His first number embraced the heavy recitative and aria by Handel, "Hear Me, Ye Winds and Waves," and Tennyson's "Break, Break, Break," set to music by Lewis Carey. In the second part of the program he sang the recitative and aria, "Vision Fugitive," from Massenet's "Herodiade," and followed this with a song in much lighter vein and decided contrast, "The Sea Hath Its Pearls" (Carl Busch). In the two heavier numbers Mr. Phillips did splendid work. His voice rolling out in rich, sonorous tones. Especially fine was the "Pleeting Vision" as the title is given in English and in which language Mr. Phillips sang the aria last night. This was, perhaps, more satisfactory to his audience, but the English words are not so smoothly wedded to the music as the original French.

Little Miss Dorothy Mead, one of Mr. Revill's pupils, was a surprise and delight in her playing of William Faulke's beautiful "Meditation," which she handled in a most delicate and artistic style. She promises much for the future and reflects great credit upon her instructor.

To Mr. Revill, of course, fell the larger share of the program, which was quite varied and showed to advantage the young organist's versatility. Of the entire series, all of the numbers being well done, the first one, the "relude and Fugue on B-A-C-H" was the best, showing keen appreciation of the composer's work and his own excellent technique. In the first group were also Mendelssohn's "Spring Song" and Dvorak's "Humoreske," the latter was beautifully executed. Gullman's "Lamentation" in the second group was another fine number, thoroughly enjoyed by the audience. In this Mr. Revill carried the melody on a clear "Oboe" that rose above the moaning of the lower register like the cry of an anguished soul. It was very effective. His other numbers were Nevin's "Rosary" and "Narcissus," Dudley Buck's transcription of "The Last Rose of Summer" and "The Coronation March" by Tchaikowsky.

The church was well filled and the recital was a decided success.

For Mrs. Claude Congdon
One of the pretty affairs of the spring season was the whist party given by Mr. and Mrs. Emil R. Majors last evening, in honor of their friend, Mrs. Claude Congdon, who will leave the latter part of the week for an extended visit in the East. The living room, den and dining room were artistically decorated with an abundance of spring roses and delicate ferns. The hostess was assisted by Mrs. Charles Clayton and Mrs. Walter Congdon.

After the passing of the score cards, which bore a dainty pink rose design, the guests soon became engrossed in a spirited game of whist. There were six tables of players. Following the games, exceptionally pretty prizes were awarded. Mrs. Walter Congdon was the fortunate winner of the first prize, a pretty set of cluny linen doilies, and to Mr. Art. Vegely fell a handsome silver cigar and ash holder. Mrs. Charles Clayton and Mr. Neal Brock were awarded pretty crystal candle sticks, as consolation prizes. The guest of honor received a pretty souvenir trunk, filled with candy.

A delicious supper was served on small tables, a pink and white color scheme prevailing in the decorations. One table, larger than the others, was set apart for the honoree and nine of her closest friends. Delicate shades of pink and white were seen here in the centerpiece, a cut-glass bowl filled with La France roses, in the favors of miniature suit cases and in the place cards, which bore tiny wreaths of pink roses, while over all fell a soft light of the same hue from pink-shaded candles. Covers were laid for the host and hostess, Mr. and Mrs. E. R. Majors; Messrs. and Mesdames Claude Congdon, Walter Congdon, E. S. Morrow, Neal Brock, Chas. Johnson, E. B. Trago, Chas. Clayton, C. T. Johnson; Miss Cora McClintock; Messrs. Arthur Vegely, Earl Blodgett and Fred Jarboe.

The Spring Maid
—In a rustic-lattice arbor in the Dragon window, the Spring Maid waits the coming of the dashing prince who is to unwittingly woo a princess while he thinks to dally with a lowly maiden of the people.
Roses and ferns twine over the arbor, and ferns border the window. The sweet girl inside the arbor over the spring is a charming figure.

Thus pleasantly does the Dragon greet the marvelously successful and tuneful musical comedy that comes tomorrow night at the Grand Opera House.

(Continued from page one)

ed for more time, saying he had been unable to get an attorney. The citation showed he had had sufficient notice.

The question as to whether or not the evidence was sufficient to revoke the license of the poolroom was brought up by Trustee Ey. McPhee stated the evidence showed that the man was proven unfit and unworthy of a license. City Attorney Heathman said that the Trustees had a right to judge the man's character and could take a license from a man found unfit. The unfitness of the man to run a poolroom was proven by the evidence concerning the lodging house, said Grubb.

The Japs then offered to close the lodging house, but wanted to keep the poolroom license. It was stated the Jap paid \$900 for the business.

McPhee's motion was then put and it carried unanimously.

President Ey then declared the Jap's license revoked.

Street Matters

O. M. Robbins for petitioners asking for gravel and oil on Wellington avenue from French street to D street said that property owners from French to the alley east of E street are on the petition. Robbins said he heard that a part of the street at D and Wellington has never been dedicated by the Southern Pacific. The petition was about to be granted for the portion from French to the alley east of E street when on Alderman's suggestion the matter was left over with the hope that the owners east of the alley will join in the improvements.

Property owners on both sides of West Sixth from Garmey to Baker petitioned for sidewalks and curbs. The petition was referred to the street committee.

Stays 2 O'clock

A petition from 263 citizens against the recently adopted 2 o'clock lighting schedule and for an all-night service was read. Petitions from the Chamber of Commerce and the Merchants and Manufacturers Association, asking to keep the lights burning all night were read.

Grubb moved to deny the petition. Grubb said that finances are running low and the saving would be \$80 a month, that daylight now begins about 3 o'clock and that few people travel the streets after 2 o'clock. He said he could see no good reason for declining to make the saving. Greenleaf seconded, saying the saving would be over \$400 in six months.

McPhee argued in favor of burning the lights all night. He said that lights are equivalent to police protection and lights is one of a few of the services afforded by the city for outside districts.

Alderman favored keeping the all night service, and he gave his reasons. He said that a dark town is an invitation to burglars, particularly when it is considered that burglars could come in on a late car and get out on an early car.

Grubb's motion to deny the petition was carried, Greenleaf, Grubb and Ey voting aye and Alderman and McPhee no.

Ey said all the burglaries have been between 7 o'clock and midnight in the well lighted district. His house was recently burglarized at 7:30 o'clock.

Election Petition

The petition asking for an election

of fifteen freeholders to frame a charter for Santa Ana was read. City Attorney Heathman insisted that all the names be read, of which there were 305. City Clerk Burke presented a certificate showing that there are fifteen per cent of the qualified electors of the city signed to the petition.

"Where did you get that petition?" asked McPhee.

"I found it in the vault," said Burke, "and later filed it at the request of E. B. Smith. There are 261 names of electors on it."

Grubb moved that the city attorney prepare the ordinance for an election to be held not within twenty days nor more than sixty days from last night. The motion carried unanimously.

The \$500 bond of R. S. Spangler and W. W. Vestal to do an electrical business was accepted. Mrs. Spangler and L. L. Vestal are sureties on the bond.

Dodds Petition

The petition of residents east of the Santa Fe asking for some steps to be taken to better conditions at the railroad crossings on East Fourth streets was read. The petition stated that trains frequently block the streets. The Trustees were asked to make the crossings safe. There were 162 signers. The petition was referred to Ey and City Engineer Finley.

McPhee: "There is an ordinance prohibiting the standing of trains on the street, and all we have to do is to enforce the ordinance. There is an element of danger, of course, but there has not been an accident there since 1903."

Company L petitioned for an arc light at the corner of Birch and Third streets, where the company often drills. McPhee moved that the petition be granted. Grubb seconded.

The motion carried.

Endorsement was given a bill now before congress aimed to compel steamships to provide for lifeboats enough to carry all passengers.

Final adoption was given the ordinance repealing the license on real estate agents.

Dynamite Ordinance

The ordinance regulating the handling and sale of dynamite in this city was given final reading and adopted, all voting aye and Greenleaf.

Lots A and B in the Fairlawn tract were adopted as streets.

The purchase of a \$225 horse for the street department was authorized.

Alderman for a committee recommended the extension of a sewer for 650 feet on Santa Clara east from Bush; cost, \$225. The extension was granted.

Bldg. were called for for a water purifier to be used in connection with the boiler at the water works.

H. E. Elliott of Seventeenth and French asked for an extension of a sewer to his new house, a block from the present sewer. Reid said he felt certain other owners would want the sewers carried as far east as Valencia street. The petition was referred to Alderman, Grubb and Reid.

McPhee said that Spurgeon street between Second and Third is in bad condition along the sidewalks. The lumber company has some piles of lumber on the Second street parking, and the curbs and some walks are in bad fix.

Graham of the lumber company has agreed to do whatever is wanted.

A cement curb was ordered on both sides of Spurgeon street between Second and Third, and the lumber removed from the parking on Second. A curb was also ordered on both sides

of Bush street between Second and Third streets.

McPhee: "About two weeks ago there was a fire on West Fourth street caused by an old, rusty gas meter. It is a pretty good guess that there are other meters like that one was. We ought to take some steps to have an investigation to find them."

Ey said the gas company is installing new meters and going over the meters used in this city. On motion the gas company was asked to examine all meters in the city.

Ey said he had made good progress toward getting a right-of-way for West Seventeenth street. A proposition has been made to the owners of the Maybury ranch. Also it is proposed to extend English street north to Seventeenth street.

Talking Outfall

McPhee: "We have received no further word from the Southern California Sugar Co. in regard to the joint outfall?"

Ey: "One of the committee has been sick and another one in the East."

McPhee: "We ought to do something about this outfall at once. We should hear from the sugar company this week. We ought to know right away whether we will join with the sugar company in the outfall or build one ourselves. Let us get this matter to the people and let them vote it either up or down."

To take this matter up, the trustees concluded to adjourn to next Monday night.

Re-Naming Streets

It was suggested that the committee of ladies appointed to suggest the re-naming of streets be asked to make a report soon.

Leave of Absence

On Greenleaf's motion, City Marshal Wilson was given leave of absence for fifteen days. The marshal has not been well for several weeks. The police committee and marshal will select a man to take the marshal's place during the leave.

Nothing Doing

A letter from one A. W. White in some town in Wyoming was read. This letter states that the writer had a seal that belonged to General Santa Anna of Mexican fame, and he thought probably this city would like to buy it. He had been offered \$100, but his father before him had been offered \$1000, and White thought he ought to get \$500.

The letter started a laugh, and brought out the statement that Santa Anna means Saint Anne, and has nothing to do with the Mexican general. The letter was tabled.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood. The skin must be cured through the skin. The germs must be washed out, and so salves have long been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of watergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema."

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. We have been prescribing the D.D.D. remedy for years."

GUILTY PLEA FOR ASSAULT

James Seeley to Be Sentenced
Next Friday Morning—
Montee Estate

James Seeley today changed his plea of not guilty to a plea of guilty of assault. He will be sentenced Friday morning at 9:30 o'clock.

Seeley was held to answer in the superior court on a charge of assault with a deadly weapon upon James Gillespie. To the felony charge he pleaded not guilty. By consent, he was today allowed to enter a plea of guilty to the lesser charge, a misdemeanor.

Seeley attacked Gillespie following a difference between Gillespie and Seeley's mother, from whom Gillespie rented. The prosecution declared that Seeley struck Gillespie with a club. The fracas occurred on Nov. 20.

Sale Was Made
Under execution, Sheriff Ruddle today sold property at Orange to L. B. Binford of Los Angeles. Binford held a second mortgage against the property, lots 1, 2, 3 and 6, Cradick Home tract, Orange. W. C. Gearhart and others were the defendants. Binford bid \$5525 for the property, subject to a first mortgage of \$3500.

Montee's Estate
Joseph O'Donnell today petitioned for letters of administration on the estate of Francis Abel Montee, who was murdered by George Biggs near Anaheim on April 12. Letters have been given O'Donnell on the estate of his sister, Mrs. Montee, who was murdered by Biggs at the same time Montee was killed. Montee's estate in this county is valued at \$4500. The heirs are James Montee, father of the deceased, and the heirs of Mrs. Montee, who died after Montee. H. C. Head is attorney for the petitioner.

Asks Administration
Matthew Connor of Santa Ana has petitioned for letters of administration on the estate of his daughter, Olive B. Connor, a Methodist missionary who died on March 23 at Baroda, India. The estate consists of real estate in Santa Ana worth \$800. The father and mother are the heirs. Wessel & Dutton of Anaheim are attorneys for the petitioner.

ACTIVITIES AT HOT SPRINGS

Road Up Seviors Canyon Will
Be Picturesque—Accommodations at Resort

SAN JUAN HOT SPRINGS, May 7. —Mrs. S. A. Gardner, Miss Binford and G. L. Dodds of Santa Ana visited San Juan Capistrano and San Juan Hot Springs last week. This was Dodds' first visit to the old mission, which he had heard of before coming here from Winnipeg. At the Hot Springs a number of new houses have been built this year, and the place is equipped for taking care of the patrons of the springs. Judge Egan, Jerome O'Neill and others are building a new club house. The club house will be called El Gato Montes.

John Combs and a gang of men are busy clearing away brush on the proposed road up Seviors canyon. About four miles is now cleared, and ready for cross-section work. When this road is completed it will be one of the most picturesque and most interesting of the canyon drives of the county.

The Hot Springs are destined to be popular this summer. The accommodations are excellent and continue to year around.

FUNERAL SERVICE OF DR. M. A. MENGES, PIONEER CITIZEN

The funeral of Dr. M. A. Menges was held yesterday morning at 10 o'clock from the family residence, with Rev. Dr. Garnett officiating. Mrs. M. Menges, accompanied by Miss Elsie Harrison, sang "Face to Face" and "One Sweetly Solemn Thought." A great number of lovely flowers showed esteem and respect for the departed pioneer citizen.

Among the throng of people were many from Los Angeles and all parts of Orange county. Before his death, Dr. Menges selected his own pallbearers. They included his sons, Dr. Mark Menges, George and John Menges; his son-in-law, Chas. Taylor; his brother-in-law, Dr. Boyd, and his nephew, Dr. Harry Straub, of Los Angeles. Honorary pallbearers, all from the Masonic lodge, were Drs. C. D. Ball, John Dryer, L. D. Mills, W. M. Garnett of Los Angeles, a former partner of Dr. Menges; G. H. Randall and Max Reinhaus.

The funeral service and burial were under the auspices of the Masons.

Dr. Menges was a pioneer dentist of Santa Ana, and was the promoter and first president of the Menges Oil Co. He was active in civic affairs and was widely known and survived by his widow, the three sons mentioned, and two daughters, Mrs. Chas. Taylor and Miss Helen Menges.

ROCKY MOUNTAIN STATES TO PICNIC IN SYCAMORE GROVE

The former residents of the high up states will have a reunion and picnic in Sycamore Grove, Saturday, May 25. The states that have so far accepted the invitation to unite are Idaho, Wyoming, Utah, Montana and Nevada. There are so many people in each of these states that know each other that it was thought that a union picnic would enable to meet many who could not see one another in any other way. There will be addresses from representatives of each state society and a general good time for all. Anyone who has ever lived in any of these states who is now in Southern California is invited to attend. Bring your dinner and make a day of it and have time to meet all the old time friends and neighbors.

NEW CITY DIRECTORY SOON TO BE FINISHED

L. H. Padgham, manager of the Santa Ana Directory Co., will soon finish the canvass for names and information for the new directory of this city. It has been two years since the last city directory was published, and since which there have been many hundreds of changes of addresses and new arrivals.

Mr. Padgham will include in the new book his "Householders' Guide," which gives the names and location of all streets and also house numbers with the occupant's name opposite. This is the only directory in the state which gives this information. This book will be more complete than any ever before published. The census of the city is also being taken.

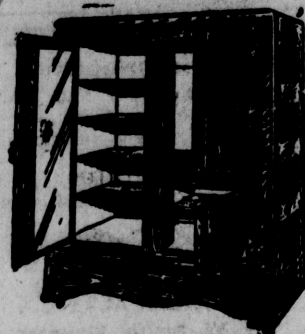

Address by Rev. Colett
The Rev. Frederick G. Colett will deliver an address at the First Baptist church Wednesday. Subject, "California Indians." All are cordially invited.

Baldwin Dry Air Refrigerators

Porcelain, Enameled or Zinc Lined, in Several Popular Styles and Sizes. \$8.50 Upward
Prices Are From

BEST IN CONSTRUCTION, MOST ECONOMICAL IN ICE CONSUMPTION AND THEY HAVE MORE EXCLUSIVE GOOD FEATURES THAN ANY OTHER MAKE ON THE MARKET.

POSITIVE CIRCULATION

The cold air falls to the lowest point through an air duct or flue and entering the provision compartment displaces the lighter air, forcing it upward to its highest point where it escapes into top of ice room, creating a positive circulation of pure cold dry air.

BEST LOCKING DEVICE

The Baldwin Lever Wedge Lock is used on all Baldwin refrigerators. By a downward pressure of the lever the door is wedged tight, when it can be locked. We invite you to call and see our large stock of these excellent refrigerators. Whether you buy or not you are welcome.

CONSTRUCTION

Baldwin refrigerators are built of the best kiln dried hard wood lumber. The walls are made up of five insulated layers, every joint and nail being covered, making them airtight. Heat from the outside cannot penetrate the walls and doors, which insures the minimum ice consumption.

OTHER FEATURES

A sheet rubber insertion around the doors make them doubly airtight. An air tight waste trap, removable wire shelves, cleanable air flues are some of the other good features.

WILL NOT BE RESPONSIBLE

The following notice explains itself:
To parents and patrons of the high school: For several years past it has been the custom to have an annual high school picnic under the sanction and approval of the faculty, and consequently under their chaperonage and responsibility. This year, however, owing to the increased growth of the school and the consequent difficulties attendant upon the supervision of so large a number of young people at a public resort, the faculty has by unanimous action, voted not to assume responsibility of the proposed picnic at Laguna Beach on next Saturday, May 11, but instead to place it upon those who attend and upon their parents.
